Subject: Fee Schedule Updates

The current DC Medical Fee Schedule will be updated effective January 1, 2015. The purpose of this update is to bring the fee schedule into compliance with the District of Columbia State Plan.

The update reflects annual maintenance of the existing fee schedule and also reflects the addition of new codes. This includes updates affecting a number of subparts of the fee schedule, including but not necessarily limited to: durable medical equipment, prosthetics, orthotics and supplies (DMEPOS), laboratory services, physician-administered drugs, and physician services. For many services and products, no changes will be made. In some cases, pricing modifier combinations, and units may be updated. In other cases, only rates will be updated. All updates are designed solely to bring the fee schedule into compliance in the District's approved State Plan.

The revised schedule will be posted on January 1, 2015 on the provider portal at www.dc-medicaid.com.

If you have any questions or suggestions related to this schedule update, please contact Amy Xing, Reimbursement Analyst, at (202) 481-3375 or amy.xing2@dc.gov.
